Please be advised that the filing of hard copy applications and supporting documentation is not a proper filing method and such submissions will not be accepted by this Office. Applications that are submitted to this Court electronically via email shall:

- a. contain a statement indicating that the applicant represents that the digitized document is a complete and accurate representation of the original;
- b. be submitted as a singular PDF document; and
- c. be scanned at a resolution sufficient to ensure legibility.

This Office further reserves the right to request resubmission of any application that does not meet the requisite filing requirements. The Committees on Character and Fitness and the Appellate Division further reserve the right to request production of the original of any document filed as part of the application package. **If your application is submitted via email, DO NOT SUBMIT duplicate hard copies by mail unless you are specifically directed to do so by the Office of Attorney Admissions.**
